New Part Numbers - New Labels

New Number System for 72, 60, and HD Series

Why the change . The 60 and 72 suffix reflects the pro-rata months of warranty. This will eliminate the confusion as we move to Free-Replacement only

Free Replacement - No Pro-Rata Warranty . The battery industry is moving to FREE REPLACEMENT only. Other battery distributors have had law suits over confusion of pro-rata warranty calculations. Most of Continental Battery's customers have converted to Free Replacement only.

Easier for you to administer . No more calculating pro-rata months and \$ per month. Then having to explain to the customer why they have to pay a portion of the replacement battery cost.

New Labels

Side Label Updated Look. A more modern look with Free Replacement emphasis

Reflects Free Replacement Months.

36 month Free Replacement on CP - Continental Platinum Series

24 Month Free Replacement on CS - Continental Supreme Series

18 Month Free Replacement on P - Continental Premium Series ***(Increases to 18 Months from 12 Months)***

12 Month Free Replacement on HD - Continental Standard Series

New Top "Dater" Labels

Will have: CCA, Reserve Capacity, Part # and UPC (Bar) Code
